# F FIBERSUL®

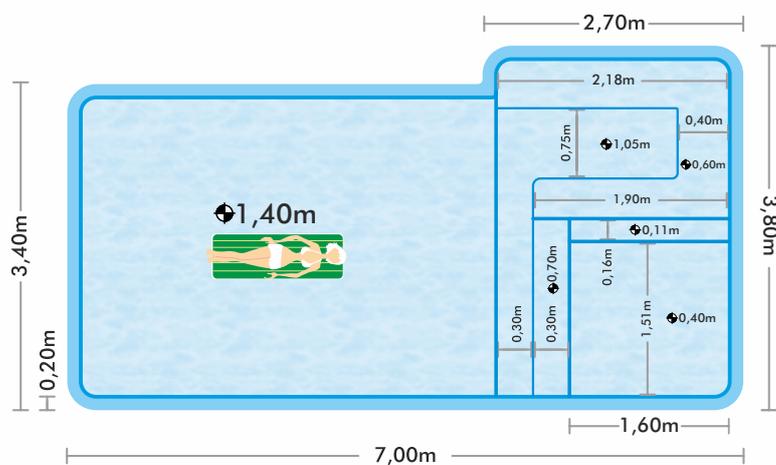

Compromisso com a qualidade, fazem da Fibersul® e sua trajetória de 49 anos no mercado, ser referência no ramo de piscinas. Com a sólida experiência e a garantia dos produtos, que aliam tecnologia em cada etapa do processo, as piscinas são confeccionadas em resina poliéster, reforçada com fibras de vidro, e para conferir ao produto cor e brilho incomparáveis, utiliza-se gelcoat isoftálico com adição de NPG e absorvedor de raios UV. O resultado que a Fibersul® leva a cada cliente, através dos seus produtos, é a satisfação, podendo assim desfrutar de grandiosos MOMENTOS. E é isso que nos move, construir momentos em família, com amigos, consigo, o importante é usufruir do bem-estar e conforto que somente as piscinas Fibersul® proporcionam.

A Fibersul® Industrial foi fundada em 1973, na cidade de Nova Prata, Rio Grande do Sul há 49 anos.

Hoje, a empresa é referência na atividade industrial de plástico reforçado com fibras de vidro, os quais resultam em piscinas, banheiras de hidromassagem, reservatórios d'água, telhas translúcidas, fossas sépticas e filtros anaeróbicos.

Para momentos de lazer, bem-estar e na hora de construir ou reformar, a experiência da Fibersul® faz com que ofereça para o mercado produtos de qualidade.

O compromisso Fibersul® é tornar prática e satisfatória a experiência de compra de cada cliente.
